## Ten Years Of Travel, Now She's Home

After an absence of almost ten years, Jeannie Platt, now Mrs. A. W. Schell, Jr., has returned to Pahokee to reside while her husband, a captain in the U. S. Air Force, serves a year's tour of duty at an isolated station on the Thailand-Laos border.

Jeanie, a 1954 graduate of Pahokee High School, is the daughter of Mrs. J. T. "Jake" Platt. Following her graduation from RHS she was a student nurse at Jackson Memorial Hospital in Miami. She was married to then 2nd Lieutenant Schell in June, 1956.

Since her marriage Jeannie has traveled extensively throughout the world as her husband's duties demanded. She lived for two years on the island of Terceira in the Portuguese Azores. Terceira, ten by twenty mile in the center of the Atlantic Ocean, was also where she had her first child, Connie, in July, 1958.

She spent the next three years at Patrick AFB at Cocoa Beach. She then lived nine months in Baltimore, Maryland, prior to joining her husband in Izmir, Turkey, where she made her home until 1964. In July of that year, the Schells were transferred to Vandenberg AFB, California, just north of Santa Barbara. It was at Vandenberg AFB that Jeannie had her second child, A. W. Schell, III, in November, 1964.

Now she has returned to Pahokee for the next year while her husband, a staff supply officer, serves at small base not more than 50 miles from North Viet Nam. They are hoping that upon completion of his tour in Thailand they will be transferred to somewhere in southern Europe.

Although she has driven cross country twice and has seen such famed cities as Los Angeles, New York, London, Paris, Rome, Athens, Ankara, and Istanbul, her only comment is, "be it ever so humble, there is no place like home."

Welcome home Jeannie!

### NEW YORK TRIP

Roger is a graduate of the University of Florida in Gainesville and is making the trip as a part of his education. He plans to return to his home in Pahokee on Sunday, May 1.

### Herald Endorses E. S. Roberts

The Miami Herald recently endorsed Emmett S. Roberts of Belle Glade who is a candidate for membership on the Florida Public Service Commission from Group Two. The Herald's endorsement came a few days after the St. Petersburg Times on the west coast gave its endorsement to the Palm Beach County Legislator.

The editorial endorsement from the Herald was in part as follows: "The other seat at stake is held by the incumbent (Jerry Carter) who has long promised to retire from the Public Service Commission and bask in the political sun-set. But he's never done it. Mr. Roberts is a six-term state legislator and chairman of the Public Utilities Committee of the House. He would beef up the PSC with trade experts who could match wits with utility experts. He is eminently qualified and he, too, would represent the public interest."

### Winner Is Named In Essay Group

A St. Petersburg Dixie Hollins High School senior was named the winner in a statewide essay contest conducted by the Florida Mobile Home Association.

Miss Cheryl Lynn Giles of Pinellas Park won a \$100.00 U. S. Savings Bond for her essay entitled "The Modern Way of Living."

Cheryl's essay has been forwarded to the Mobile Home Research Foundation in Chicago where the essay will be judged in national competition on May 2. The winner of the national competition will receive a \$500. Savings Bond. The winner will also receive a \$1,500.00 fellowship grant and all-expense paid trip to the American Home Economics Association meeting in San Francisco, California.

### L. H. Gordon Running For Pahokee Chief

He has a total of 15 years experience in law enforcement work, he said this week. He has been with the sheriff's department locally for two years, he pointed out. His other experience was with the Brunswick, Georgia, city police department.

Mr. Gordon, in commenting upon the election which is scheduled for Tuesday, May third, said that he believes he is honestly qualified for the position he seeks. He said that he believes in economy and, if elected, would institute money saving plans in the police department.

"With my 15 years of experience in the law enforcement field," Mr. Gordon said, "I feel that the duties of the police chief of Pahokee will be in good hands if entrusted to me by the citizens at the coming election. I know the needs of Pahokee and will work at all times for efficient, courageous and business-like administration of the affairs of the office I seek."

### Pahokee Set City Election Next Tuesday

Citizens of Pahokee are anxiously awaiting the coming of next Tuesday when they will choose several important city officials in the annual election. The Mayor's race has taken the limelight during the past few days, overshadowing the Chief of Police battle which has shaped up among three contenders.

Former Mayor Lewis Friend is seeking the mayoralty now held by Duncan Padgett and it is this race that has "stolen the show" during the final days of the campaign. Each of the candidates is claiming victory and many citizens predict that it will be an air tight race, with the winner taking honors by only a handful of votes.

Next in line as far as interest is concerned is the three-way battle for the Chief of Police job now held by Guy Wood. Charles (Sonny) Brown, former patrolman with the Pahokee force, is an active candidate for the Chief's job. Another former patrolman and former deputy sheriff, L. H. Gordon, Sr., is rattling door knobs and shaking hands in a determined effort to gain the high spot in the police department.

While his two opponents are waging a forceful campaign for his job, Chief of Police Guy Wood is also active in his own behalf to maintain what he has—the Chief's badge. Chief Wood is making an extra effort to see all the folks before the election in a desire to be elected to a full term as Chief.

City Clerk L. M. Lair will be elected without opposition. He was appointed by the council to replace Mrs. Bobby Mackey who resigned.

In the city council race in Group One there are three candidates. Incumbent Carmen Salvatore is being opposed by Robert Hatton and Lee C. Parker.

In Group Two for council the race is between Incumbent Harry E. Elarber and Curtis Miners.

In Group Three two newcomers in politics are vying for that seat. They are Oscar Dobrow and J. D. Watson.

For the Group Four seat former councilman, A. J. Gamot is facing Elmer Upthegrove.

### Exposition Draws A Large Crowd

The fifth annual Florida Industries Exposition got underway last week in Orlando with special ceremonies opening doors to the hundreds of displays of made-in-Florida products.

A 10-foot ribbon was bolted between models of the Mercury and Gemini space capsules. A Space wrench was used by Charles Campbell, chairman of the Florida Development Commission, and Miss Carol Lynn Blum, Miss Florida, to release the ribbon and get the exposition underway.

Highlights of the show was Governor Haydon Burns' keynote address at a reception-dinner Tuesday, April 19. International Day was observed Wednesday along with an industrial forum aimed at stimulating Florida overseas trade and tourist industries.

An industrial development conference Thursday provided seminars aimed at programs to increase industrial output and income. A workshop was held Friday on defense contracts.

Florida's State Department of Agriculture also devoted 20 booths to the display of food products under the banner "Festival of

#### Florida Foods."

Some of the sponsors of the fifth annual and most successful Florida Industries Exposition were the Florida Development Commission, Florida Council of 100, Florida Association of Architects, Florida State Chamber of Commerce and local chambers of commerce.

### Wildlife Officer's Job Is Varied

Not all of a wildlife officers time is spent on wilderness patrol. A day's work may include game or fish management, public meetings, conducting programs on wildlife conservation and many other activities. One important phase of wildlife law enforcement is the investigation of alleged wildlife law violations.

Sometimes an investigation results in the apprehension and arrest of the lowest of all game law violators, "the man that sells game fish and wildlife for a personal profit."

One such recent investigation resulted in the arrest and conviction of a man who was charged with selling venison. The complete in-

vestigation required more than four months but resulted in a guilty plea by the "bootlegger of game animals" and a sentence of 90 days in the county jail, plus an additional 20 days for a previous game law violation in which sentence had been suspended.

At times such investigations may take on a "cloak and dagger" atmosphere with clandestine meetings in beer parlors, pool halls and remote country rendezvous. All investigations do not lead to arrest and convictions but the recent one found a violator selling deer meat at a price of one dollar per pound.

### For Your Consideration

I have served you for four years on the council for the sole purpose of accepting my responsibilities, which are many, on the basis that the duties of a Councilman is to participate in all branches of the operation of the city.

The past policies of the council is for each councilman to work in his own department. I have questioned this policy on the grounds that a councilman is elected to serve the best interests of all the operations of the city.

If elected I will continue to serve on this basis. I have served all the people of Pahokee honestly and faithfully and hope that I earned your support and vote.

Kill this pellitory weed  
in sugar cane.  
Use Atrazine. Here's how:

When you see pellitory weed starting to grow, apply Atrazine 80W herbicide, plus a little surfactant. You'll clean out infestations of this winter annual fast and effectively . . . without hurting cane.

Atrazine is safe to sugar cane. It will not injure your crop when you apply it as directed on the label. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

Even though Atrazine has proved to control pellitory at any stage of growth, early treatment assures best results. With pellitory under control early, you grow more sugar cane per acre.

That's because Atrazine prevents

pellitory from interfering with sugar cane tillering. Also, Atrazine helps make soil moisture and nutrients available for your cane, and not for pellitory weed.

So plan now to grow the maximum tonnage of sugar cane from each acre you plant this season. Just use Atrazine to control pellitory weed this winter.

## GROUP 4 DEMOCRAT

Dear Friends in the Glades:

Like you I'm interested in our county, and feel we need fairer representation in Tallahassee.

I would like to see a fair return of our tax money to Palm Beach County. We get back 45 cents for every tax dollar we send to Tallahassee while Liberty County receives \$4.70 for every dollar, Lafayette receives \$3.62 and Madison receives \$2.51. Next to Broward and Dade our county suffers the biggest loss in money sent to Tallahassee. This shameful inequality must be changed!

We have seen a mental hospital much needed in South Florida being built in North Florida. We have seen the placing of an appellate court in Vero Beach rather than here, the logical location. We have seen a great portion of Lake Okeechobee bodily taken from us and given to other counties. Our roads, especially in the Glades are disgraceful.

This is why I have qualified for the House of Representatives, Group 4, Democrat. I live in Lake Clarke Shores but lived in Belle Glade and Pahokee for seven years teaching and coaching at both high schools. I am Dean of Boys at Palm Beach High, with a background in teaching Government. I hold Bachelor's and Master's degrees from the University of Florida. I am married, the father of three children, an Episcopalian, veteran of World War II and active in various civic affairs. I probably won't be able to contact all of you personally, so if you do not know me, I urge you to contact a friend whose word you respect and ask him about my moral and spiritual character.

If you want better representation for the people, as I do, I offer you honest, sincere integrity in my efforts to serve you. I think things can be better. I would like your vote.

## You can't replace EXPERIENCE

Automation was a science fiction word 25 years ago. Yet Broward Williams' experience in that field was responsible for his first assignment when he went to work in the State Treasurer's office. As a representative of a national business machine company, he had helped many banks convert from a pen and ink bookkeeping system to machines. His first job with the State Treasurer's office was to systematize the bookkeeping procedures there. During his 24 years with the State Treasurer's office he has dealt with the many phases of banking, finance and insurance that are a responsibility of your State Treasurer. In the time he has served as State Treasurer, his experience has made it possible to effect an orderly, smooth changeover, along with the institution of many entirely new programs. Broward Williams has a thorough knowledge of state government, experience in all phases of the insurance industry and proven ability to administer this vitally important Cabinet post.

## Witnesses Will Meet In Fort Myers

Thirty-six delegates of the religious group Jehovah's Witnesses are making final arrangements to attend a three-day seminar to be held in Fort Myers, April 29 through May 1.

According to a local spokesman for the group, the theme of the coming convention is "Making Disciples of People of All The Nations." This highlights the primary activity of Jehovah's Witnesses who go village to village and city to city making disciples.

A disciple, according to Jean C. Rainbow, the city supervisor of this group, is "one who accepts the

doctrines of his teacher and assists in spreading them."

Rainbow pointed out to the Protestants monthly, "The Evangelist, which acknowledges the zealous discipling of Jehovah's Witnesses when it said: "They are baptizing hundreds while we are baptizing two and three."

"We have come to appreciate," he said, "that while demonstrations have become the order of the day, few have really demonstrated themselves as disciples of Christ, becoming doers of the Word and not hearers only."

"That Jehovah's Witnesses do this discipling work," he added, "last year alone, 64,393 were baptized and these in turn will discipline others."

"At this assembly," Rainbow concluded, "there will be several from this area who will take part in the baptismal services Saturday afternoon.

day afternoon

Meetings during the assembly weekend at the local Kingdom Hall at 1648 S. E. Avenue G, Belle Glade, will be canceled and all interested persons are invited to Fort Myers to hear at 3 p.m., Sunday, at Terry Park, the public lecture "Does God Have Influence in This 20th Century?", the convention highlight.

Palm Beach County's Group 2 seat in the State House of Representatives, has always been held by a Glades resident. We face a major struggle to keep that seat as a Palm Beach financed political group is attempting to take away our representation.

Your response to my candidacy has been heart warming. We must not rest now. Let's all work harder these last few days to insure a successful election and continued fair representation.

Sincerely,

Your Native Born Glades Candidate
